“The Barcus Berry Clamp-on Bridge Piezo Pickup is as close as I’ll ever get to replicating the richness and depth of the acoustics a violin is designed to produce.”

David Pichette on the “3100”
Emerson Drive

A. 1320

B.

C.

D.

A. Violin Bridge with Built-in Piezo Pickup

The piezo transducer is built right into the bridge, achieving wide-band frequency response, perfectly balanced string sensitivity, feedback rejection and excellent signal isolation. Includes 3100P 1/4” output jack. Provides superb acoustic performance together with unequaled acoustic-electric capability. The 1320 is endorsed by pro violinists such as Dan Kelly (Alan Jackson), John Jeansonne (Rascal Flatts), and Brendon Anthony (The Pat Green Band). Pickup/Transducer: Select quality unfitted replacement bridge which incorporates a factory installed piezo electric transducer. Output Jack: Barcus-Berry model 3100P: 1/4” female Carpenter output jack with separate U-shaped bottom bracket and 2 turn buckles. Adjustment key. Installation instructions. Preamp: Not included; not required.

MODEL	DESCRIPTION	LIST
1320		\$149.99
1320B	Bridge only, internally mounted, no output jack	\$84.99

B. Clamp-On Bridge Violin Piezo Pickup

Clamps easily to the violin bridge and connects, via cable, to the included 3100P output jack. Offers wide band frequency response and excellent string balance. Feedback rejection feature provides excellent signal isolation for clear, true reproduction of the violin’s sound. No additional tools or holes to drill – making attachment and removal a breeze. The 3100 is endorsed by pro violinist Dan Kelly (Alan Jackson).

MODEL	DESCRIPTION	LIST
3100	Pickup only, no preamp	\$149.95
3110	Includes preamp	\$370.99
3100P	External mount violin 1/4” female jack	\$73.99

C. Bass Piezo Transducer & Preamp

Clamps easily to bass bridge and removes easily - no drilling or tools needed. A favorite for its ability to capture the full musical range of the upright bass - delicate tones to deep lows. Includes the 3000AE preamp. Preferred by bassist Terry Hale (George Strait). Pickup/Transducer: Clamp-style piezo bass transducer. Preamp: 3000AE Piezo Buffer Preamp with EQ. Attachable belt clip with one set of “dual lock” attachment strips. Velcro strap. Black metal strap-mounting bracket, 1 set of adhesives.

MODEL	DESCRIPTION	LIST
B3150	Includes preamp	\$361.50
B3150M	Transducer only, no preamp	\$95.00

Cello Piezo Transducer with Preamp

Clamp-style pickup can be easily attached to or removed from any standard-type bridge. No drilling or tools needed. Equally responsive to delicate high tones and deep lows. Delivers a full musical range of cellos. Pickup/Transducer: Clip-on piezo cello transducer. Preamp: 3000AE Piezo Buffer Preamp with EQ. Attachable belt clip with one set of “dual lock” attachment strips. Velcro strap. Black metal strap-mounting bracket with one set of adhesives.

MODEL	DESCRIPTION	LIST
3125	Includes preamp	\$399.99
3125M	Transducer only, no preamp	\$89.99

D. Piezo Buffer Preamp with EQ

Specifically designed to work with all Barcus-Berry piezo crystal systems. Features external bass, treble and volume frequency controls to allow a wide range of adjustment. Includes a belt clip for unrestricted movement. 3000AE Specifications: Input (EQ Flat). Input Interface = RCA unbalanced.
