E. Rev. Willy Electric Guitar Strings

Souful, rich, articulate and smooth, Billy Gibbons' big fat Texas tone has been described as "hot, blue, and righteous". We developed Reverend Willy's Strings in collaboration with Billy himself—aiming to make strings that offer a real punch and still stay articulate and clear when performing his legendary leads and pinch harmonics.

H. Zakk Icon Guitar Strings

Developed to withstand the punishment of the reigning king of metal guitar. Extensive engineering and critical road testing by Zakk himself perfected a string formula to work under the heaviest hands in rock. Designed around Dunlop Heavy Core® technology with a bulkedup core wire for less breakage, long-life, and better definition and pitch retention at lowered tunings.

A. Cleartone Electric Guitar Strings

Only one micron of coating, but it's more durable than coatings thousands of times its thickness. It won't flake off with hard playing, nor will it feel slick or slippery to your touch. Super-high tension winding over a hex-core is used to maintain tuning consistency throughout your performance. EMP Treatment is then applied to all the strings (including plain strings) to ensure longest tonal life without compromises.

C. RED Brand Acoustic Guitar Strings

The first brand of Copper Bronze acoustic guitar strings. With the highest copper content of any string material - more than 80/20 and more than phosphor bronze - RED Strings gives acoustic guitars precise articulation, louder sound, greater projection and a warmer, richer tone from the moment you tune them up. There hasn't been a significant new material introduced for acoustic guitar in 35 years. Add Some Warmth.

PLANET WAVES® H. Dual Action Capo

The compound action reduces the force necessary to open and close the capo. It also eliminates side-pulling the strings out of tune, which is prevalent on other trigger-type capos. Aircraft-quality aluminum construction adds virtually no weight to the guitar's neck when in use and the capo can be clamped on the headstock when idle. Simply adjust the tactile micrometer tension control so there is just enough tension to eliminate string buzzing.

GUITAR ACCESSORIES

A. GrooveTech Guitar Player Tech Kit

Guitar players may know a little about truss rods and action, but few actually attempt adjustment. That's a shame, because a good setup will improve your performance. The GrooveTech provides everything you need to work on your guitar, plus an Easy Setup Guide that takes the mystery out of the process. Eleven hex keys are color-coded gold for metric and black for inch sizes, and long pattern for easy access. All truss rod sizes are ball end. Also included is a thickness gauge, ruler, capo, cutters, string winder, 6-in-1 screwdriver, and LED flashlight. Tools are lifetime guaranteed & pro-grade.

MODEL	LIST
GTGTR1	\$74.95

E. Super Bright 9-LED Flashlight

You'll probably love this flashlight. Nine LEDs provide extremely bright illumination, with a much more natural hue than incandescent bulbs. LEDs are also very miserly on power - one set of batteries can last for days of continuous usage. A unique cannister holds three AAA batteries (included), yet allows a compact four-inch length. A must for any gig bag.

MODEL	LIST
FL9L	\$14.95

B. GrooveTech Bass Player Tech Kit

Not wanting to leave bass players out, we developed an alternate kit optimized for low-enders. The hex key set is matched to virtually all bass makes, and the string winder has been removed to save a couple of bucks. Like its guitar brethren, the GrooveTech Bass Kit has top-shelf tools that are lifetime guaranteed, and stored in a pouch that will fit into most gig bags. An Easy Setup Guide will make you comfortable with truss rod, action, pickup, and intonation adjustment. After a few setups, you'll immediately know when a minor tweak is called for.

MODEL	LIST
GTBAS1	\$71.95

F. Tool Kit & String Organizer

Handy zip-up nylon case includes: String cutters, string winder, 2-in-1 screwdriver, flashlight, Trem poker™, six pocket string organizer, 4 allen wrenches, Pick Pocket™. Dim: 6" W x 8.5" L x 2" H.

MODEL	LIST
GIGMATE	\$39.95

C. GrooveTech Guitar/Bass Multi-Tool

The first multi-tool for guitars and basses that's actually useful, without unnecessary gimmicks. Whether you have a USA or imported axe, we've got you covered for most bridge, truss rod, and other adjustments. Includes four metric and three fractional hex keys, two Phillips screwdrivers, a 2.5mm slotted screwdriver, and ruler for setting action. Truss rod sizes are ball-end for easy access. All keys are pro-grade, using heat-treated S2 material with a polished chrome finish.

D. Desktop True Strobe Tuner

Extremely accurate pitch measurement device, perfect for settling intonation, recording and live performances where being in tune is of the utmost importance. The tuner's heavy-duty construction includes a built-in microphone and input jacks for tuning acoustic & electronic instruments. The slightest difference between input frequency and the ideal frequency accumulates over time, and appears as movement on the circular LED interface. Once the movement stops, you are perfectly in tune.
